

## APPENDIX I

### Interpretation:

1. Species included in this Appendix are referred to:
  - (a) by the name of the species; or
  - (b) as being all of the species included in a higher taxon or designated part thereof.
2. The abbreviation "spp." is used to denote all species of a higher taxon.
3. Other references to taxa higher than species are for the purposes of information or classification only.
4. An asterisk (\*) placed against the name of a species or higher taxon indicates that one or more geographically separate populations, sub-species or species of that taxon are included in Appendix II and that these populations, sub-species or species are excluded from Appendix I.
5. The symbol (-) followed by a number placed against the name of a species or higher taxon indicates the exclusion from that species or taxon of designated geographically separate populations, sub-species or species as follows:
  - 101 Lemur catta
  - 102 Australian population
6. The symbol (+) followed by a number placed against the name of a species denotes that only a designated geographically separate population or sub-species of that species is included in this Appendix, as follows:
  - + 201 Italian population only
7. The symbol (/) placed against the name of a species or higher taxon indicates that the species concerned are protected in accordance with the International Whaling Commission's schedule of 1972.

## APPENDIX II

### Interpretation:

1. Species included in this Appendix are referred to:
  - (a) by the name of the species; or
  - (b) as being all of the species included in a higher taxon or designated part thereof.
2. The abbreviation "spp." is used to denote all the species of a higher taxon.
3. Other references to taxa higher than species are for the purposes of information or classification only.
4. An asterisk (\*) placed against the name of a species or higher taxon indicates that one or more geographically separate populations, sub-species or species of that taxon are included in Appendix I and that these populations, sub-species or species are excluded from Appendix II.
5. The symbol (#) followed by a number placed against the name of a species or higher taxon designates parts or derivatives which are specified in relation thereto for the purposes of the present Convention as follows:
  - # 1 designates root
  - # 2 designates timber
  - # 3 designates trunks
6. The symbol (-) followed by a number placed against the name of a species or higher taxon indicates the exclusion from that species or taxon of designated geographically separate populations, sub-species, species or groups of species as follows:
  - 101 Species which are not succulents

7. The symbol (+) followed by a number placed against the name of a species or higher taxon denotes that only designated geographically separate populations, sub-species or species of that species or taxon are included in this Appendix as follows:

- + 201 All North American sub-species
- + 202 New Zealand species
- + 203 All species of the family in the Americas
- + 204 Australian population.

Guaiacum sanctum #2

APPENDIX IV

CONVENTION ON INTERNATIONAL TRADE IN ENDANGERED SPECIES  
OF WILD FAUNA AND FLORA

EXPORT PERMIT NO. \_\_\_\_\_

Exporting Country:

Valid Until: (Date)

This permit is issued to: \_\_\_\_\_

address: \_\_\_\_\_

who declares that he is aware of the provisions of the Convention, for the purpose of exporting:

(specimen(s), or part(s) or derivative(s) of specimen(s)) 1/  
of a species listed in Appendix I  
Appendix II  
Appendix III of the Convention as specified below.) 2/

(bred in captivity or cultivated in \_\_\_\_\_) 2/

This (these) specimen(s) is (are) consigned to: \_\_\_\_\_

address: \_\_\_\_\_ country: \_\_\_\_\_

at \_\_\_\_\_ on \_\_\_\_\_

\_\_\_\_\_  
(signature of the applicant for the permit)

at \_\_\_\_\_ on \_\_\_\_\_

\_\_\_\_\_  
(stamp and signature of the Management Authority issuing the export permit)

1/ Indicate the type of product

2/ Delete if not applicable

Description of the specimen(s) or part(s) or derivative(s) of specimen(s), including any mark(s) affixed:

Living Specimens

<u>Species</u> (scientific and common name)	<u>Number</u>	<u>Sex</u>	<u>Size</u> (or volume)	<u>Mark</u> (if any)

Parts or Derivatives

<u>Species</u> (scientific and common name)	<u>Quantity</u>	<u>Type of Goods</u>	<u>Mark</u> (if any)

Stamps of the authorities inspecting:

(a) on exportation

(b) on importation \*

\* This stamp voids this permit for further trade purposes, and this permit shall be surrendered to the Management Authority.
